# AI Quickstart for AI in the pharmacy

The realistic AI use cases on one page — no hype, with clear limits.

---

AI in the pharmacy: customer info and admin, not the consultation

- 1. Phrasing leaflets and customer info clearly
- 2. Drafting social media posts and promotion notices
- 3. Setting up order and delivery communication
- 4. Team and shift-plan texts plus internal notices

**Limit:** AI gives you drafts, no guarantees. The professional and legal final check always stays with you.
