AI Quickstart for AI in the architecture firm

The realistic AI use cases on one page — no hype, with clear limits.

AI in the architecture firm: paperwork and red tape, not the design

- 1. Draft building descriptions and explanatory reports
- 2. Draft correspondence with authorities and the planning office
- 3. Structure minutes of site meetings
- 4. Write fee proposals and scope-of-services descriptions

Limit: AI gives you drafts, no guarantees. The professional and legal final check always stays with you.
