AI Quickstart for AI in catering

The realistic AI use cases on one page — no hype, with clear limits.

AI in catering: quotes and enquiries, not the cooking

- 1. Drafting quotes and menu copy
- 2. Answering event and customer enquiries
- 3. Social and website copy for occasions
- 4. Confirmations and follow-up emails

Limit: AI gives you drafts, no guarantees. The professional and legal final check always stays with you.
