AI Quickstart for AI for goldsmiths and jewellers

The realistic AI use cases on one page — no hype, with clear limits.

AI in the goldsmith's workshop: copy and enquiries, not the bench

- 1. Write product and shop copy for jewellery
- 2. Reply to customer enquiries for bespoke pieces
- 3. Social and portfolio copy for your pieces
- 4. Write follow-up and review emails

Limit: AI gives you drafts, no guarantees. The professional and legal final check always stays with you.
