# AI Quickstart for AI for beekeepers

The realistic AI use cases on one page — no hype, with clear limits.

---

AI for beekeepers — where it really saves time on selling

- 1. Draft product and label texts (within honey labelling rules)
- 2. Write season and harvest stories
- 3. Social media and newsletters for regulars
- 4. Write market and farm-shop notices
- 5. Answer enquiry emails and manage reviews

**Limit:** AI gives you drafts, no guarantees. The professional and legal final check always stays with you.
