AI Quickstart for AI for car repair garages

The realistic AI use cases on one page — no hype, with clear limits.

AI in the workshop: quote and report, not the repair

- 1. Translate diagnostic findings into customer language
- 2. Write quote texts from line items
- 3. Explain work carried out and inspection defects
- 4. Insurance / warranty enquiries and reminders

Limit: AI gives you drafts, no guarantees. The professional and legal final check always stays with you.
