AI Quickstart for AI in the beauty salon

The realistic AI use cases on one page — no hype, with clear limits.

AI in the beauty salon: bookings, social and client info, not the treatment

- 1. Phrasing appointment reminders and client messages
- 2. Drafting social posts about treatments and offers
- 3. Preparing general skincare info and handouts
- 4. Writing review and follow-up emails

Limit: AI gives you drafts, no guarantees. The professional and legal final check always stays with you.
