AI Quickstart for AI for travel agencies

The realistic AI use cases on one page — no hype, with clear limits.

AI in the travel agency: quotes and customer communication, not the advice

- 1. Polish trip proposals and offer texts
- 2. Answer customer enquiries confidently in writing
- 3. Draft newsletters and social posts about offers
- 4. Write trip info and checklists for customers

Limit: AI gives you drafts, no guarantees. The professional and legal final check always stays with you.
