AI Quickstart for AI for stationery shops

The realistic AI use cases on one page — no hype, with clear limits.

AI for stationery shops — where it really saves time

- 1. Write product descriptions and window-display texts
- 2. Announce back-to-school and seasonal promotions
- 3. Fill social media and newsletters
- 4. Answer order and availability enquiries
- 5. Pre-draft gift and craft idea texts

Limit: AI gives you drafts, no guarantees. The professional and legal final check always stays with you.
