# AI Quickstart for AI in the joinery

The realistic AI use cases on one page — no hype, with clear limits.

---

AI in the joinery: quotes and customer admin, not the workshop

- 1. Write quotes and project descriptions
- 2. Answer customer enquiries for furniture and fitted units
- 3. Portfolio and social copy for your work
- 4. Write follow-up and review emails

**Limit:** AI gives you drafts, no guarantees. The professional and legal final check always stays with you.
