AI Quickstart for AI in the recording studio

The realistic AI use cases on one page — no hype, with clear limits.

AI in the recording studio: enquiries and copy, not the mix

- 1. Answer quotes and project enquiries
- 2. Social, release and promo copy for artists
- 3. Website and portfolio copy for the studio
- 4. Write invoice and follow-up emails

Limit: AI gives you drafts, no guarantees. The professional and legal final check always stays with you.
