# AI Quickstart for AI for newsagents and kiosks

The realistic AI use cases on one page — no hype, with clear limits.

---

AI for newsagents and kiosks — where it really saves time

- 1. Draft range and offer texts
- 2. Online presence and local profile
- 3. Social media and notices about promotions, new arrivals and the season
- 4. Pre-draft supplier and order communication
- 5. Reply to reviews and maintain standard texts

**Limit:** AI gives you drafts, no guarantees. The professional and legal final check always stays with you.
